## Teams can now import their team's roster and schedule from Blue Sombrero to GameChanger Team Manager!

Before you can import your team's roster or schedule, you must download the GameChanger Team Manager app from the [App Store](#) (iOS) or [Google Play](#) (Android).

As team staff/managers you need to use the **same email address** for GC Team Manager that you use for Blue Sombrero (DICK'S Team Sports HQ). Once you are logged into GC Team Manager with the same email address, tap "create team," and your team(s) from Blue Sombrero will automatically populate. As a team staff/manager you can select which team(s) you want to import roster(s) and schedules(s) to GC Team Manager.

You need to confirm your email address before you can view your teams. Click "Open Email App" which will direct you to your email. Then select "Confirm Email Address" and you'll be redirected back to the GC Team Manager app.

**First, please confirm your email address**

On this device, open the email we sent to [sam.hughes.513@yahoo.com](mailto:sam.hughes.513@yahoo.com).

Once you have confirmed your email address, you can select which teams you want to import. Make sure the teams you want to import have a check next to them, and then tap import in the upper corner of the screen. You will see the status of teams importing at the bottom of the screen.

**Note:** You can only import your team(s) from Blue Sombrero to GC Team Manager **one-time**. If you import the team before the full roster or schedule is updated you will not be able to re-import it. You cannot upload information from GC Team Manager to Blue Sombrero.

If you have further questions please email [teammanager@gc.com](mailto:teammanager@gc.com).
